October 10, 2000

The conference is over, and oh what a conference it was. This will be one for the record books. I am sharing, below, some of the comments that I received about the conference. I know personally, that though I worked every day and had to put my feet up every night when I got back to my room, I would not trade one minute of the time that I spent.Editor

A Job Well Done

The 66th APCO International Conference and Exposition in Boston has come and gone. To those who missed it, sorry; and you can believe those who were there will be talking about this one for some years to come. Without exception this conference excelled in every aspect.

The reasons for this level of success are a combination of factors. But at this time I want to concentrate on primarily one area. And that area is our volunteers. As most of you know I had the honor

of serving as your volunteer chairperson. What an experience for me. I made new friends and worked with old friends while accomplishing the many necessary tasks for the conference. Working with this group of volunteers was beyond all expectations. They were there to do whatever needed to be done, and with a smile. Let me tell you that the members of the association who attended the conference noticed. The compliments we received were outstanding.

I thought maybe you would like to know a little bit about our volunteers. We used 126 during the conference, not including chairpersons, co-chairpersons, and a few people who worked exclusively for a committee chairperson. They came from 47 agencies in the chapter area, 3 agencies outside the chapter area, retired members, corporate members, family members and understudies from the Salt Lake City conference committee. They worked covering 15 different areas of the conference.

As your chairperson for this, the greatest conference so far, I would like to thank each and every person

who volunteered to assist with the conference. Without your efforts we never could have accomplished the tasks necessary to produce a quality conference for our association. Many members of the association have passed along their compliments for a job well done to the conference committee staff.

I will not attempt to name each person, as I am sure I would miss some. I had the opportunity to speak with only a few of the volunteers and give them my personal thanks. You all know who you are and for those I missed, please know I could not have done this without your help. I wish to express my warmest thanks to all for a job well done.

I would like to mention my two key assistants in the volunteer room who made my job easier.

Without them I never could have done the job.

Many of you volunteers also had the opportunity to meet or work with these two individuals, John (Jack) Gallagher, Lynn Fire Department and David Diamond, Barnstable County Sheriff's Department.

Cambridge (MA)
Part 2, Appendix G
Communications

Paula Snow appointed Chief of Operations for the combined dispatch operations center replacing Tom Cahill who retired after 38 years service.

New Supervisor Appointments
 Christina Giacobbe
 Kirk Wornum
 Joe Sullivan

The Cambridge Emergency Communications Center had representatives volunteer countless hours at the Boston APCO Conference in August:

Ron Richard George Fosque
 Bob Morrison Kirk Wornum
 Paula Snow Larry Silva
 Matt Ansello Mike Medeiros
 Rich Moschler Skip Botelho
 Val Watson

See you in November! Ron

News from the Institute

The APCO Virtual College started it's first semester. They had planned on having 10 to 15 enrollees and ended up with 50.

Obviously, more people than planned are realizing the benefits of continuing their education.

Good luck to them all.

How many can we enroll next semester?

**REGION 19 (NEW ENGLAND)
 700 MHz
 PUBLIC SAFETY PLANNING
 COMMITTEE
 ANNOUNCES FIRST
 MEETING**

By this notice, the Region 19 (New England) 700 MHz Public Safety Planning Committee announces that its first meeting will be held on December 7, 2000 at 9:00 a.m. The purpose of the meeting is:

1. Establish procedural rules.
2. Election of a Chairman.
3. Review of plan elements.
4. Review NCC progress.
5. Form work groups to develop the regional plan.
6. Address any new business.

In accordance with the provisions of FCC Docket 96-85 the Chairman of the New England 800 MHz Regional Plan Update Committee announces the first Regional Planning Committee meeting for 700 MHz. The meeting will be held at:

Daniel Webster College
 20 University Drive
 Collings Auditorium
 Nashua, NH 03063-1300

All interested parties wishing to participate in the planning for the use of new public safety spectrum in the 700 MHz band should plan to attend. For further information, please contact:

coordination of the state-wide
emergency 9-1-1 telephone system.*

Public Act 00-151: What you need to know...

Governor Rowland signed Public Act 00-151 "An Act concerning Emergency Medical Services Data Collection and Emergency Medical Dispatch" on May 26, 2000.

The Act specifically requires the following for Connecticut PSAPs:

✓ Starting on 1/1/01, PSAPs are required to begin collecting the following data for submission to OSET on a quarterly basis: 1) the number of E911 calls during the quarter that involved a medical emergency 2) the elapsed time period from the time the call was received to the time emergency response services were dispatched or the call was transferred;

✓ Not later than 7/1/04, each PSAP shall provide emergency medical dispatch (EMD) or arrange for EMD to be provided by a public safety agency. Documentation of such an arrangement must be forwarded to OSET for review;

✓ EMD programs shall include but are not limited to: 1) medical interrogation, dispatch prioritization and prearrival instructions for all E911 calls requiring EMS 2) a medically approved EMD priority reference system;

✓ Maintain on-going EMD education program;

✓ A mechanism to detect and correct discrepancies between EMD protocols and EMD practice;

✓ A quality assurance program to monitor the following: 1) EMD time intervals 2) the quality of EMD instructions and dispatch protocols 3) utilization of EMD components. The Q. A. program should be developed with the assistance of a physician trained in emergency medicine who should provide on-going review;

✓ OSET shall provide or approve EMD training and continuing education.

In order to accomplish the above mandates, OSET is developing the following:

✓ A system to approve NHTSA EMD providers;

✓ PSAP reimbursement process for EMD training;

✓ Development of a continuing education program;

✓ Development of quality assurance information to assist PSAPs in implementing in-house Q.A. programs;

✓ Data collection methodologies.

If you need clarification, please contact Paul Connolly at OSET 860-655-5124. © 9-1-1

800 MHz Window Opening

The New England Planning Committee (FCC Region 19) announces the opening of a new frequency application window for 821-824 / 866-869 MHz radio band. The Region 19 area includes the states of Maine, New Hampshire, Vermont, Rhode Island, Massachusetts and four counties in Connecticut, including New London, Windham, Tolland, and Hartford counties.

Applications to be accepted for a eighth window filing for the 821-824 / 866-869 MHz radio band must be postmarked on or after October 1, 2000 and prior

to November 30, 2000. No applications will be accepted that are postmarked before or after these dates.

Subsequent window filings will be open every October 1 and April 1 and close 60 days from window opening.

Evaluation of applications will be conducted by the Region 19 Committee. Each application will be rated and scored for completeness of the application, systems need, coverage, loading, funding availability and other technical criteria. Applications receiving a high ranking may not

necessarily receive a frequency assignment as certain areas in Region 19 may be depleted of 800 MHz by previous window filings and corresponding channel assignments.

For further information and an application, contact: George Pohorilak, Region 19 Committee Chairman, New England Planning Committee, c/o Department of Public Safety, Office of Statewide Emergency Telecommunications, P. O. Box 2794, Middletown, Connecticut 06457-9294.

Mr. Pohorilak's telephone number is 860-685-8080. © 2000

Region 19 (New England) 700 MHz Public Safety Planning Committee Announces 1st meeting

By this notice, the Region 19 (New England) 700 MHz Public Safety Planning Committee announces that its first meeting will be held on December 7, 2000 at 9 a.m. The purpose of the meeting is to:

1. Establish procedural rules;
2. Election of a Chairman;
3. Review plan elements;
4. Review NCC/FCC progress;
5. Form work groups to develop the regional plan;

6. Address any new business.

In accordance with the provisions of FCC Docket 96-56, the Chairman of the New England 800 MHz Regional Plan Update Committee announces the first Regional Planning Committee meeting for 700 MHz.

The meeting will be held at:

Daniel Webster College

20 University Drive

Collings Auditorium

Nashua, NH 03063-1300

All interested parties wishing

to participate in the planning for the use of new public safety spectrum in the 700 MHz band should plan to attend. For further information, please contact:

NEW ENGLAND RADIO PLANNING COMMITTEE
FCC AREA 19
PLAN UPDATE COMMITTEE

July 12, 2000

Mr. Mark Poole
Maine State Police
36 Hospital Street
Augusta, ME 04330

Dear Mr. Poole:

In anticipation of conducting a meeting for a 700 MHz planning initiative, I am requesting that you provide a mailing list for public safety representatives within your state. If possible, I would like that list in an electronic format to facilitate the creation of a master list and labels.

As convener of the meeting I have arranged for a meeting at Daniel Webster College in Nashua, New Hampshire. Nashua is geographically centered and has ample parking at the college. The auditorium will accommodate 350 people. I have reserved that room for December 7, 2000 at 9:00 a.m. to noon.

Please provide your mailing list as soon as possible so that I can put the master list together. I believe that the appropriate contact would be the police chief, fire chief, EMS director for their respective public safety organizations in your state. State public safety agencies should be included. I will handle notification of federal entities for the New England States. While the mailing may be extensive, previous experience has indicated that only a limited number will attend.

If you have any questions, please contact me at (860) 685-8108.

Sincerely,

George J. Pohorilak
George J. Pohorilak
Chairman, RPUC

APPENDIX H

NEW ENGLAND REGION 19 REGIONAL PLANNING COMMITTEE FUNDING

Support Funding Program

The Regional Planning Committee Support Funding Program is being made available by the National Institute of Justice AGILE Program to promote the efforts of Regional Planning Committees convened to plan for the use of the newly allocated 700 MHz public safety spectrum. Funds are distributed through the National Public Safety Telecommunications Council (NPSTC) Support Office as hosted by the University of Denver.

Requests for funding must be initiated by the designated regional convener or by the established 700 MHz RPC chairperson. In order to obtain funding, each region must identify a single public safety host organization that agrees to take fiduciary responsibility for the proper allocation of the awarded funds through a simplified accountability process based on a standardized form for financial summary reporting.

The New England Region 19 Regional Planning Committee applied for and received \$2,500.00. The APCO Atlantic Chapter serves as the treasurer for these fund monies.

Expenditures

As of February 1, 2004, New England Region 19 has incurred the following expenditures:

Revenues - Initial Funding Grant	\$2,500.00
----------------------------------	------------

Expenditures

A. Outreach

New England Region 19 website development and maintenance	< \$252.00 >
---	--------------

B. Regional Database Training

CAPRAD Training (for two people)	< \$1,269.12 >
-----------------------------------	----------------

C Regional Plan Preparation and Distribution

Meeting Expenses	< \$170.55 >
------------------	--------------

Office Supplies	< \$179.48 >
-----------------	--------------

Mailing	< \$85.50 >
---------	-------------

Total Expenditures	< \$1,956.65 >
--------------------	----------------

Balance Remaining	\$543.35
-------------------	----------

Prohibited Use Of Funds

The use of funds obtained through this support funding program is subject to review at any time. Certain uses of these funds are prohibited and include but are not necessarily limited to those listed below.

Funds may **NOT** be used for:

- The purchase of alcohol, alcoholic beverages, tobacco, tobacco products, or any illegal substance
- The purchase or acquisition of equipment (includes computers, electronics, furniture or other office equipment)
- Salaries or compensation for hours worked by committee members (except as noted in the plan preparation section)
- Lobbying efforts.

REGION 19 (NEW ENGLAND) 700 MHz PUBLIC SAFETY PLANNING COMMITTEE ANNOUNCES FIRST MEETING

By this notice, the Region 19 (New England) 700 MHz Public Safety Planning Committee announces that its first meeting will be held on December 7, 2000 at 9:00 a.m., E.S.T. The purpose of the meeting is to:

1. Establish procedural rules,
2. Election of a Chairman,
3. Review of plan elements,
4. Review NCC progress,
5. Form workgroups to develop the regional plan, and
6. Address any new business.

In accordance with the provisions of FCC Docket 96-86, the Chairman of the New England 800 MHz Regional Plan Update Committee announces the first Regional Planning Committee meeting for 700 MHz. Region 19 (New England) is defined as the States of Massachusetts, Rhode Island, Maine, Vermont, New Hampshire and the Counties of New London, Wind ham, Tolland and Hartford within the State of Connecticut. The meeting will be held at:

Daniel Webster College
20 University Drive
Collings Auditorium
Nashua, New Hampshire

All interested parties wishing to participate in the planning for the use of new public safety

spectrum in the 700 MHz band should plan to attend. For further information, please contact:

PUBLIC NOTICE

FEDERAL COMMUNICATIONS COMMISSION

445 Twelfth Street, S.W.

WASHINGTON, D.C. 20554

DA 01-2112

News media information 202/418-0500 Fax-On-Demand 202/418-2830 Internet: <http://www.fcc.gov> <ftp.fcc.gov>

Released: September 10, 2001

PUBLIC SAFETY 700 MHz BAND – GENERAL USE CHANNELS APPROVAL OF CHANGES TO REGIONAL PLANNING BOUNDARIES OF CONNECTICUT AND MICHIGAN

By this *Public Notice*, the Wireless Telecommunications Bureau accepts and approves the decisions of Connecticut and Michigan to “opt out” of their assigned planning regions for purposes of the regional planning process established by the Commission for the General Use channels in the 700 MHz public safety band.¹ As a result of these “opt out” decisions, the 700 MHz planning regions are hereby modified as set forth in the Attachment hereto.

By way of background, in 1998 the FCC decided that the 700 MHz public safety band regional planning committees (RPCs) would be based on the same fifty-five planning regions used in the 800 MHz band.² However, the FCC also decided to allow states or territories not in regions defined by state boundaries to “opt out” of their existing regions to form or join a planning region that corresponds with their state’s geographic boundaries.³ The deadline date for reporting “opt out” decisions was July 2, 2001.⁴

Connecticut was eligible to “opt out” because it was part of Region 8 and Region 19. The Chairman of the 700 MHz Public Safety Band Region 19 RPC reports that all RPC members from Connecticut have agreed to “opt out” of Region 8 to join the 700 MHz Public Safety Band Region 19 with boundaries redrawn to encompass all of Connecticut.⁵

¹ See Development of Operational, Technical and Spectrum Requirements for Meeting Federal, State and Local Public Safety Agency Communications Requirements Through the Year 2010, WT Docket No. 96-86, *First Report and Order and Third Notice of Proposed Rulemaking*, 14 FCC Rcd 152, 191 ¶ 78 (1998).

² *Id.* and at 263, Appendix D (List of Regions).

³ *Id.* at 191-92 ¶¶ 80, 85.

⁴ Public Safety 700 MHz Band General Use Spectrum Deadline for Changing Regional Boundaries is July 2, 2001, *Public Notice*, 16 FCC Rcd 726 (WTB PSPWD 2001). See also Development of Operational, Technical and Spectrum Requirements for Meeting Federal, State and Local Public Safety Agency Communications Requirements Through the Year 2010, WT Docket No. 96-86, *Second Memorandum Opinion and Order*, 15 FCC Rcd 16844, 16876 ¶ 68 (2000). Pursuant to timely filed requests, the deadline date was extended until November 2, 2001, and January 2, 2002, for the 700 MHz Public Safety Band Region 42 RPC and the 700 MHz Public Safety Band Region 8 RPC, respectively. See Letter to David R. Warner, Convener, Virginia Region 42, from D’wana R. Terry, Chief, Public Safety and Private Wireless Division (PSPWD), WTB (June 29, 2001); Letter to Rosalind K. Allen, Esq., Counsel for the City of New York, from D’wana R. Terry, Chief, Public Safety and Private Wireless Division, WTB (Aug. 3, 2001).

⁵ See Letter to D’wana R. Terry, Chief, Public Safety and Private Wireless Division, WTB, from George Pohorilak, The New England 700 MHz Regional Plan, June 2001, Appendix J, Page 3.

Part 2, Appendix J

Michigan was eligible to "opt out" because it comprised Region 21 and part of Region 54. The Chairman of the 700 MHz Public Safety Band Region 21 RPC reports that all RPC members from Michigan have agreed to "opt out" of Region 54 to join the 700 MHz Public Safety Band Region 21 with boundaries redrawn to encompass all of Michigan.⁶

For further information, contact Bert Weintraub, Esq., of the Policy and Rules Branch, Public Safety and Private Wireless Division, Wireless Telecommunications Bureau, at (202) 418-0680, TTY (202) 418-7233, or via email to bweintra@fcc.gov.

Action by the Chief, Public Safety and Private Wireless Division, Wireless Telecommunications Bureau.

* Regions 8, 19, 21, and 54 are in bold to highlight the results of "opt out" decisions reported to the Commission as of July 2, 2001. Pursuant to timely filed requests, the deadline date was extended until November 2, 2001, and January 2, 2002, for the 700 MHz Public Safety Band Region 42 RPC and the 700 MHz Public Safety Band Region 8 RPC, respectively. See Letter to David R. Warner, Convener, Virginia Region 42, from D'wana R. Terry, Chief, Public Safety and Private Wireless Division (PSPWD), WTB (June 29, 2001); Letter to Rosalind K. Allen, Esq., Counsel for the City of New York, from D'wana R. Terry, Chief, Public Safety and Private Wireless Division, WTB (Aug. 3, 2001). This attachment also corrects several typographical errors/omissions on earlier versions of this list.

NEW ENGLAND (REGION 19) 700 MHz PUBLIC SAFETY PLANNING COMMITTEE ANNOUNCES PLANNING MEETING

The New England (Region 19) 700 MHz Public Safety Planning Committee announces that its next meeting will be held on Tuesday, December 11, 2001 at 10:00 a.m., at the Emergency Operations Center, Office of Emergency Management, 645 New London Avenue, Cranston, Rhode Island. The purpose of the meeting is to:

1. Approve Minutes of the September 26, 2001 Meeting,
2. Initiate the State License Application Process,
3. Discuss the 700 MHz FCC Planning Process, and
4. Formulate Committee and Review Plan Development.

The Region 19 700 MHz Public Safety Planning Committee meeting is open to the public. All eligible public safety providers whose sole purpose or principal purpose is to protect the safety of life, health, or property in the States of Massachusetts, Rhode Island, Maine, Vermont, New Hampshire, and the Counties of New London, Windham, Tolland and Hartford within the state of Connecticut would utilize these frequencies. It is essential that participants be representatives of all eligible public safety providers in order to ensure that each agency's future spectrum needs are considered in the allocation process. Administrators who are not oriented in the communications field should delegate someone with this knowledge to attend, participate and represent their agency's needs.

All interested parties wishing to participate in the planning for the use of new public safety spectrum in the 700 MHz band should plan to attend. For further information, please contact:

George J. Pohorilak, Chairman

ERRATUM

WIRELESS TELECOMMUNICATIONS BUREAU CORRECTS DEFINITION OF NEW ENGLAND AREA (REGION 19) IDENTIFIED IN 700 MHz PLANNING MEETING ANNOUNCEMENT

By this Erratum, the Wireless Telecommunications Bureau corrects the definition of Region 19 for 700 MHz Public Safety planning as described in a Public Notice, DA 01 2566, released on November 2, 2001, to include the entire states of Connecticut, Massachusetts, Rhode Island, Maine, Vermont and New Hampshire. This correction reflects the change in the New England Area's regional boundaries approved by the Commission in Public Notice DA 01-2112 on September 10, 2001, to include the entire state of Connecticut.

For additional information, contact Ms. Joy Alford, Wireless Telecommunications Bureau (202) 418-0694, TTY (202) 418-7233.

REGION 19 (NEW ENGLAND) 700 MHz PUBLIC SAFETY PLANNING COMMITTEE ANNOUNCES TWELFTH PLANNING MEETING

The Region 19 (New England) 700 MHz Public Safety Planning Committee announces that its twelfth meeting will be held on September 9, 2003 at 10:00 a.m., at the Connecticut Fire Academy, 34 Perimeter Road, Windsor Locks, Connecticut. The purpose of the meeting is to continue developing a Regional plan to meet the needs of the 700 MHz spectrum users including Public Safety, Public Health, Emergency Management and Utility services.

The Region 19 Public Safety Planning Committee meeting is open to the public. All eligible public safety providers whose sole or principal purpose is to protect the safety of life, health, or property in Connecticut, Massachusetts, Rhode Island, Maine, Vermont and New Hampshire may utilize these frequencies. It is essential that not only public safety, but all government, Native American Tribal, and non-governmental organizations eligible under Section 90.523 of the Commission's Rules be represented in order to ensure that each agency's future spectrum needs are considered in the allocation process. Administrators who are not oriented in the communications field should delegate someone with this knowledge to attend, participate and represent your agency's needs.

All interested parties wishing to participate in the planning for the use of new public safety spectrum in the 700 MHz band should plan to attend. For further information, please visit the Region 19 web site at www.ner700mhz.org or contact:
